

Our clients have been using the **VERMIONE** cosmetics line for two years already.

We recommend **VERMIONE ALFA** for aging skin with wrinkles, pigmentation and dilated veins.

We recommend **VERMIONE BETA** for eczema, psoriasis and dry skin.

We recommended **VERMIONE GEL** mainly for cold sores.

We recommend **VERMIONE STRONG** for wounds, scars and overgrown nails.

VERMIONE HA 35+ is recommended for advanced age clients as it contains a high proportion of hyaluronic acid and visibly improves the overall appearance of the skin.

Our clients are very satisfied with all the recommended products.
